HORSE POWERED

100-YEAR-OLD NANNY, a restored fishing vessel, takes you from Torekov to **Hallands Väderö**, a little paradise island with untouched nature, a historic lighthouse, and beautiful white sand beaches.

BON DÉJEUNER! The charming **La Maison Française** outside of Höganäs is among our favorites for a savory lunch on the Two Peninsulas. Save room for Laurent's delicious desserts!

Capture the **essence of BÅSTAD!** Tie up your Mustang and explore the narrow streets by foot, visit the legendary Centre Court, and take a stroll through the lively harbor.

Discover the Bjäre Peninsula's great variety of **FARM SHOPS**. Michael buys some of the finest ingredients at **Lindegrens butchers** and **Ebbesson's farm dairy**.

Bjäre Peninsula offers a beautiful coastline with gorgeous beaches. We love **SEGELSTORP BEACH** for its **Mediterranean touch**, extraordinary sand, and stunning peninsula-to-peninsula view.

a bike ride away

For a casual ride along country roads, we offer free **bike rentals**. If you are feeling more adventurous, contact **RIDGE CYCLING** for MTB rentals and guided tours.

Bike to **TOREKOV** and enjoy a meal in one of the **vibrant restaurants** in the fishermen's harbor. Fresh seafood, smashed burgers, oriental mezze, and traditional meatballs - all pair well with a magic Swedish summer night.

A prehistoric site, the legend of King Dag and his fallen soldiers, a former quarry, and old fishpond covered with waterlilies - in the **DAGSHÖG** nature preserve, **land, water, and history** meet.

The little **TOURIST OFFICE** in the harbor of **Torekov** provides much more than a free map. Here you will find quality souvenirs, local crafts, and other must-haves.

PERFECT SUNSET! Watching the sun set over the sea from the cliffs of **Hovs Haller** is an unforgettable experience. Expect to come home late, as midsummer sundown occurs at 22:04.

WALKING DISTANCE

Get out and play! You can enjoy playing **boules** or **kubb**, also known as "Viking chess", in our garden.

LA VIE EN ROSE! One of the best spots to happily enjoy a French Rose is by the little rock in the northwestern **corner of our garden**.

Follow the journey of **BIRGIT NILSSON!** We suggest to start *andante* on the **official trail**, that crosses our country road and leads you to the **museum of Båstad's world-famous soprano**.

We have **NEIGHBORS** of exceptionally good taste! Within walking distance you will find colorful crafts by ceramist **Mia Blanche**, fine textiles by **Chamois**, and all good things under one roof at **Tant Grön**.

On a peninsula, all roads lead to the sea. We recommend the **1-HOUR WALK** through the idyllic countryside to our favourite bathing pier of **Torekov**.

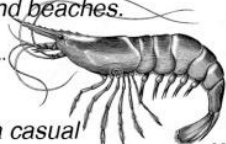

Defy the wet weather! How about a refreshing 3-km **ROUNDRIP WALK** on country roads passing farms, pastureland, and manor houses? Ask us for the way.

When visiting the newly opened **RAVINEN ART GALLERY**, don't miss the delicious "garden-to-table" lunch at the **GARDENS OF NÖRRVIKEN**.

ROCK CARVINGS from the Bronze Age have been found on the hillock behind our **rustic sauna**. While relaxing in the sauna, try to picture the act of sacrifice where seeds from the ancient fields were ground up in rock cups right behind you.

A PENINSULA IN VOGUE! Find stylish home accessories at **Stockholm Design House**; for clothing, visit **Johannesens** in the forest or **Märkesbutiken** in Båstad's little shopping boulevard.

When the weather is rough, find calm in Båstad's **historic bath house**. Enjoy a hot sauna, take a cold dip in the sea, and then repeat. Consider booking a treatment at **SKANSEN** and the rooftop SPA.

ADVENTUROUS

TRACKS IN THE SNOW!
When nature allows it, we set up a 2-km long **cross-country turn** on the open fields around the Countryhouse.

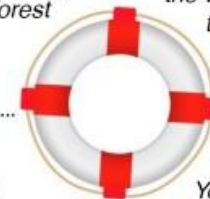

For the **tastiest burgers** on the Two Peninsulas, drive your Mustang to **GARAGE BAR** in HÖGANÄS. Food, drinks, music, and design—it all fits in this truly American atmosphere.

STAIRWAY TO HEAVEN.
To bring to life his dream of being able to enjoy views of the sea, farmer Svensson built a giant stairway on his land. Look for his inspiring **life's work** (1882-1922) hidden in the forest.

Get lost in the woods. The family-owned **fashion store JOHANNESSENS** is not only an extraordinary shopping experience, but also a romantic escape in the forest above Båstad!

Participate in the historic ritual of a **WINTER BATH**. Just head down to the **pier of Torekov**, plunge into the water and enjoy the moment.

CURIOUS

Discover the peninsula on foot. Check out all **WINTER TRAILS** on the official hiking map.

Book a **Nordic wine tasting**. Whether wines are certified as organic or biodynamic, no challenge is too great for **VEJBY VINGÅRD**, who relies on ancient techniques and a self-built cellar to create unique wines.

Stunning art!
Visit the newly opened **RAVINEN ART GALLERY**, an ambitious initiative by the renowned artist couple the Kreitzes.

Have you seen our little **GIFT SHOP**? **Seasonal favorites** are our very honey, the original whisky glass and the winter-spiced flavors by Teapigs.

You can spot the Bay of Skelder from our property, but the most convenient way to **experience the sea** on site is to ask Michael for a **MARITIME WHISKY** from our Malt Library.

SPONTANEOUS

COUNTRY ROADS, TAKE ME HOME!
How about an idyllic 3-km **roundtrip walk** on country roads passing farms, pastures, and manor houses? Ask us for the way.

Swedish **fika à la Båstad**. At the reopened **CONTINENTAL** it doesn't have to be coffee; their treats also pair well with Champagne.

Remake Bergman's famous movie scene and play a round of **chess** on the cliffs of **HOVS HALLAR**.

In the nearby **TANT GRÖN**, you will find **all good things** under one roof. When we visit, Michael can usually be found in front of their wonderful cheese counter, and Marianne is often in the design and fashion room.

Lonely streets, empty beaches, and winterized boats in **TOREKOV** — explore the unique charm of the **hibernating fishermen's village**.

ROMANTIC

HEAVENLY VIEW of the peninsula. You will get the most divine view of Bjäre's rural heart being embraced by the sea from the **church of Hov**.

MEDITATION WINE.
We have carefully assembled a rather unusual wine list. Cuddle up on the sofa with a soft wool blanket and a glass of meditation wine, and listen to the crackling fire.

Popcorn, velvety seats, and deep red interior — surprise your loved one with some pre-Netflix nostalgia at **SCALA BIOGRAFEN**, Båstad's little movie theatre.

Stroll down **KÖPMANGATAN**, Båstad's little shopping boulevard. Don't miss the fine old **bookshop** or Jenny's tasteful boutique, **Studio J**.

Walk on the beach!
How about an endless walk along the **LONGEST BEACH** in Sweden, from Båstad to Halmstad?
